## 1. Classes

### 1.1. Class WP940

#### 1.1.1. Class Header

| Class | Type | Status   | Valid from | Valid to   | Descriptions   |
|-------|------|----------|------------|------------|--|
| WP940 | 300  | Released | 2000-07-20 | 9999-12-31 | (DE)Web Phone<br>(EN)Web Phone<br>(ES)Teléfono Web<br>(FR)Téléphone par Internet<br>(JA)Web Phone<br>(PT)Web Phone |

#### 1.1.2. Class Characteristics

| Characteristic      | Overwritten | Overwritten Values | Read only | Additional Values | Required | Hidden | Display Allowed Values | Unformatted Entry | Propose Template | Interval Values | Dependencies |
|---------------------|-------------|--------------------|-----------|-------------------|----------|--------|------------------------|-------------------|------------------|-----------------|--------------|
| WP_SCREEN           |             |                    |           |                   | Yes      |        |                        |                   |                  |                 |              |
| WP_CONNECTION       |             |                    |           |                   | Yes      |        |                        |                   |                  |                 |              |
| WP_OPTIONS          |             |                    |           |                   |          |        |                        |                   |                  |                 |              |
| WP_INSTALL          |             |                    |           |                   | Yes      |        |                        |                   |                  |                 |              |
| VARIANT_CONDITION_H |             |                    |           |                   |          | Yes    |                        |                   |                  |                 |              |

#### 1.1.3. Class Specific Characteristic Values

| Characteristic | Value | Default | Descriptions | Dependency Allocations |
|----------------|-------|---------|--------------|------------------------|
| WP_SCREEN      | 001   |         |              |                        |
| WP_SCREEN      | 002   |         |              |                        |
| WP_CONNECTION  | 001   |         |              |                        |
| WP_CONNECTION  | 002   |         |              |                        |
| WP_CONNECTION  | 003   |         |              |                        |
| WP_OPTIONS     | 001   |         |              |                        |
| WP_OPTIONS     | 002   |         |              |                        |
| WP_OPTIONS     | 003   |         |              |                        |
| WP_OPTIONS     | 004   |         |              |                        |
| WP_OPTIONS     | 005   |         |              | WP_MEMORY_UPGRADE      |
| WP_OPTIONS     | 006   |         |              |                        |
| WP_INSTALL     | N     |         |              |                        |
| WP_INSTALL     | Y     |         |              |                        |

## 2. Characteristics

| Characteristic      | Descriptions  | Status   | Type     | Length | Single Multi | Indicators    | Reference Field | Values |
|---------------------|---|----------|----------|--------|--------------|---------------|-----------------|--------|
| VARIANT_CONDITION_H | (DE)Variantenkondition<br>(EN)Variant condition<br>(ES)Condición de variantes<br>(FR)Variante<br>(JA) | Released | Symbolic | 26/0   | M            | Case sens:Yes | SDCOM<br>VKOND  |        |

| Characteristic | Descriptions   | Status   | Type     | Length | Single Multi | Indicators | Reference Field | Values |
|----------------|--|----------|----------|--------|--------------|------------|-----------------|--------|
|                | (PT)Condição de variante   |          |          |        |              |            |                 |        |
| WP_CONNECTION  | (DE)Übertragungstechnik<br>(EN)Communication technology<br>(ES)Técnica de transmisión<br>(FR)Technique de transfert<br>(JA)<br>(PT)Técnica de transferência                | Released | Symbolic | 3/0    | S            |            |                 | Values |
| WP_INSTALL     | (DE)Web Phone Installation<br>(EN)Web Phone Installation<br>(ES)Instalación teléfono Web<br>(FR)Install. téléph. par Internet<br>(JA)Web Phone<br>(PT)Instalação web phone | Released | Symbolic | 1/0    | S            |            |                 | Values |
| WP_OPTIONS     | (DE)Web Phone Optionen<br>(EN)Web Phone Options<br>(ES)Opciones teléfono Web<br>(FR)Options téléphone par Internet<br>(JA)Web Phone<br>(PT)Opções web phone                | Released | Symbolic | 3/0    | M            |            |                 | Values |
| WP_SCREEN      | (DE)Bildschirm<br>(EN)Screen<br>(ES)Pantalla<br>(FR)Ecran<br>(JA)<br>(PT)Tela  | Released | Symbolic | 3/0    | S            |            |                 | Values |

## 2.1. Characteristic Values

| Characteristic | Value | Default | Descriptions   |
|----------------|-------|---------|--|
| WP_CONNECTION  | 001   |         | (DE)Digital<br>(EN)Digital<br>(ES)Digital<br>(FR)Arithmétique dégressif<br>(JA)<br>(PT)Digital |
| WP_CONNECTION  | 002   |         | (DE)Analog<br>(EN)Analog<br>(ES)Analógico<br>(FR)Analogue<br>(JA)<br>(PT)Analógico             |
| WP_CONNECTION  | 003   |         | (DE)Satellit<br>(EN)Satellite<br>(ES)Satélite<br>(FR)Satellite<br>(JA)<br>(PT)Satélite         |
| WP_INSTALL     | N     |         | (DE)Nein<br>(EN)No<br>(ES)No<br>(FR)Non<br>(JA)<br>(PT)Não                                     |
| WP_INSTALL     | Y     |         | (DE)Ja<br>(EN)Yes<br>(ES)Sí<br>(FR)Oui   |

| Characteristic | Value | Default | Descriptions  |
|----------------|-------|---------|---|
|                |       |         | (JA)<br>(PT)Sim   |
| WP_OPTIONS     | 001   |         | (DE)Anschlusskabel fuer Monitor<br>(EN)Cable for connecting monitor<br>(ES)Cable de conexión para monitor<br>(FR)Câble de l'écran<br>(JA)<br>(PT)Cabo de conexão para monitor |

| WP_OPTIONS     | 003   |         | (DE)Kamera<br>(EN)Camera<br>(ES)Cámara<br>(FR)Appareil photographique<br>(JA)<br>(PT)Câmara   |
| WP_OPTIONS     | 004   |         | (DE)Zusatzantenne<br>(EN)Additional Antenna<br>(ES)Antena adicional<br>(FR)Antenne supplémentaire<br>(JA)<br>(PT)Antena adicional   |
| WP_OPTIONS     | 005   |         | (DE)Speicherupgrade<br>(EN)Memory Upgrade<br>(ES)Upgrade de memoria<br>(FR)Extension de mémoire<br>(JA)<br>(PT)Mudança release memória  |
| WP_OPTIONS     | 006   |         | (DE)Selbstreinigender Bildschirm<br>(EN)Self-Cleaning Screen<br>(ES)Pantalla autolimpiante<br>(FR)Ecran autonettoyant<br>(JA)<br>(PT)Tela de limpeza automática               |
| WP_SCREEN      | 001   |         | (DE)LCD Bildschirm<br>(EN)LCD Screen<br>(ES)Pantalla LCD<br>(FR)Ecran à cristaux liquides<br>(JA)<br>(PT)Tela LCD   |
| WP_SCREEN      | 002   |         | (DE)Touch Screen<br>(EN)Touch Screen<br>(ES)Pantalla táctil<br>(FR)Ecran tactile<br>(JA)<br>(PT)Tela sensível ao toque  |

### 3. Materials

| Material | Type | Configurable | Description  | Class Allocations | Created on | Created by | Changed on | Changed by |
|----------|------|--------------|--|-------------------|------------|------------|------------|------------|
| WP-940   | HAWA | Yes          | (DE)Web Phone 940<br>(EN)Web Phone 940<br>(ES)Teléfono web 940<br>(FR)Webphone 940 | WP940             | 1900-01-01 |            |            |            |

| Material | Type | Configurable | Description                            | Class Allocations | Created on | Created by | Changed on | Changed by |
|----------|------|--------------|--|-------------------|------------|------------|------------|------------|
|          |      |              | (JA)Web Phone 940<br>(PT)Web Phone 940 |                   |            |            |            |            |

#### 4. Configuration Profiles

| Material | Profile  | Status   | UI Design | Dependency Allocations                        |
|----------|----------|----------|-----------|---|
| WP-940   | WEBPHONE | Released |           | 10: WP_ANTENNA_SET<br>20: WP_SCRN_TOUCH_CLEAN |

#### 5. Dependencies

##### 5.1. Single Dependencies

| Dependency          | Description   | Type         | Status   | Source Code  |
|---------------------|---|--------------|----------|--|
| WP_ANTENNA_SET      | (DE)Satellite Connection<br>(EN)Satellite Connection<br>(ES)Conexión por satélite<br>(FR)Connexion satellite<br>(JA)<br>(PT)Conexão por satélite                                    | Procedure    | Released | * satellite connection requires enhanced antenna set<br>\$self.WP_OPTIONS = '004'<br>if \$self.WP_CONNECTION = '003'.    |
| WP_MEMORY_UPGRADE   | (DE)Bedingung Memory Upgrade<br>(EN)Precond. for memory upgrade<br>(ES)Condición upgrade memoria<br>(FR)Condition mise à niv. mémoire<br>(JA)<br>(PT)Condiç.mudança release memória | PreCondition | Released | * memory upgrade is only allowed with answering machine<br>\$self.WP_OPTIONS specified and<br>\$self.WP_OPTIONS = '002'. |
| WP_SCRN_TOUCH_CLEAN | (DE)Touch Screen<br>(EN)Touch Screen<br>(ES)Pantalla táctil<br>(FR)Ecran tactile<br>(JA)<br>(PT)Tela sensível ao toque  | Procedure    | Released | * touch screen requires self cleaning options<br>\$self.WP_OPTIONS = '006'<br>if \$self.WP_SCREEN = '002'.               |

#### 6. Extract parameters

| Parameter        | Value    |
|------------------|----------|
| -creationDate    | 20000720 |
